NEW MEXICO DEPARTMENT OF HEALTH
SECRETARY-DESIGNATE TRACIE C. COLLINS, M.D.**

February 24, 2021

Public Health Emergency Order Clarifying that Current Guidance Documents, Advisories, and Emergency Public Health Orders Remain in Effect; and Amending Prior Public Health Emergency Orders to Impose County-by-County Restrictions Due to COVID-19

PREFACE

The purpose of this amended Public Health Emergency Order is to amend restrictions on mass gatherings and business operations, which were implemented in response to the spread of the Novel Coronavirus Disease 2019 (“COVID-19”). Continued social distancing and self-isolation measures are necessary to protect public health given the devastating effects that are now resulting from the rapid increase in COVID-19 cases in New Mexico. It remains the core purpose of this Order to emphasize that all New Mexicans should be staying in their homes for all but the most essential activities and services. When New Mexicans are not in their homes, they must strictly adhere to social distancing protocols and wear face coverings to minimize risks. These sacrifices are the best contribution that each of us can individually make to protect the health and wellbeing of our fellow citizens and the State as a whole. In accordance with these purposes, this Order and its exceptions should be narrowly construed to encourage New Mexicans to stay in their homes for all but the most essential activities.

It is hereby **ORDERED** that:

1. All current guidance documents and advisories issued by the Department of Health remain in effect.
2. The following Public Health Emergency Orders remain in effect through the current Public Health Emergency and any subsequent renewals of that Public Health Emergency or until they are amended or rescinded:
 - A. March 24, 2020 Public Health Emergency Order Temporarily Regulating the Sale and Distribution of Personal Protective Equipment Due to Shortages Caused by COVID-19;
 - B. December 15, 2020 Amended Public Health Emergency Order Implementing Additional Contact Tracing Information Requirements for All Laboratories and Submitters Submitting Notifiable Condition COVID-19 Test Results to the New Mexico Epidemiology and Response Division;

ORDER

WHEREAS, on March 11, 2020, because of the spread of the novel Coronavirus Disease 2019 (“COVID-19”), Michelle Lujan Grisham, the Governor of the State of New Mexico, declared that a Public Health Emergency exists in New Mexico under the Public Health Emergency Response Act, and invoked her authority under the All Hazards Emergency Management Act;

WHEREAS, Governor Michelle Lujan Grisham has renewed the declaration of a Public Health Emergency through March 5, 2021;

WHEREAS, confirmed cases in the United States have risen to more than 28 million and confirmed COVID-19 infections in New Mexico have risen to over 183,000;

WHEREAS, COVID-19 is a deadly virus and has taken the lives of over 500,000 Americans and over 3,600 New Mexicans;

WHEREAS, the further spread of COVID-19 in the State of New Mexico poses a threat to the health, safety, wellbeing and property of the residents in the State due to, among other things, illness from COVID-19, illness-related absenteeism from employment (particularly among public safety and law enforcement personnel and persons engaged in activities and businesses critical to the economy and infrastructure of the State), potential displacement of persons, and closures of schools or other places of public gathering;

WHEREAS, social distancing and the consistent and proper use of face coverings in public spaces are the most effective ways New Mexicans can minimize the spread of COVID-19 and mitigate the potentially devastating impact of this pandemic in New Mexico; and

WHEREAS, the New Mexico Department of Health possesses legal authority pursuant to the Public Health Act, NMSA 1978, Sections 24-1-1 to -40, the Public Health Emergency Response Act, NMSA 1978, Sections 12-10A-1 to -19, the Department of Health Act, NMSA 1978, Sections 9-7-1 to -18, and inherent constitutional police powers of the New Mexico state government, to preserve and promote public health and safety, to adopt isolation and quarantine, and to close public places and forbid gatherings of people when deemed necessary by the Department for the protection of public health.

NOW, THEREFORE, I, Tracie C. Collins, M.D., Secretary of the New Mexico Department of Health, in accordance with the authority vested in me by the Constitution and the Laws of the State of New Mexico, and as directed by the Governor pursuant to the full scope of her emergency powers under the All Hazard Emergency Management Act, do hereby declare the current outbreak of COVID-19 a condition of public health importance, as defined in NMSA 1978, Section 24-1-2(A) as an infection, a disease, a syndrome, a symptom, an injury or other threat that is identifiable on an individual or community level and can reasonably be expected to lead to adverse health effects in the community, and that poses an imminent threat of substantial harm to the population of New Mexico.

THE “RED TO GREEN” FRAMEWORK

I DIRECT that the State shall continue to reopen according to the following county-by-county framework:

SUMMARY

This Order sets out the “Red to Green” framework, which includes four levels of operations that are based on a county’s ability to satisfy specified metrics: Turquoise Level, Green Level, Yellow Level, and Red Level. A county will remain at a given operating level so long as it continues to satisfy the specified metrics for that level. The Department of Health maintains the official map displaying each county’s current level at: <https://cvprovider.nmhealth.org/public-dashboard.html>. The Department of Health updates this map every other Wednesday. If a county fails to meet the specified metrics for a given level, the county must begin operating at the lower level’s restrictions within 48 hours of the map’s update. If a county begins meeting the specified metrics for a less restrictive level, the county may begin operating at that level’s restrictions immediately upon the map’s update.

REOPENING LEVEL METRICS

Counties shall be categorized according to one of the following levels:

- (1) Turquoise Level – Counties seeking to operate at this level must have satisfied the metrics required to operate at Green Level for the two most recent 14-day reporting periods.
- (2) Green Level – Counties seeking to operate at this level must satisfy both of the following metrics:
 - (a) A new COVID-19 case incidence rate of no greater than 8 cases per 100,000 inhabitants during the most recent 14-day period; AND

- (3) Yellow Level – Counties seeking to operate at this level must meet either of the following metrics:
 - (a) A new COVID-19 case incidence rate of no greater than 8 cases per 100,000 inhabitants during the most recent 14-day period; OR

BASELINE DIRECTIVES

Regardless of a county’s level, **I DIRECT** that the following baseline directives apply at all times and in all instances:

(1) Unless a healthcare provider instructs otherwise, all individuals shall wear a mask or multilayer cloth face covering in public settings except when eating or drinking. Masks with vents do not satisfy this requirement. “Retail spaces” may not allow a person who is without a mask or multilayer cloth face covering to enter the premises except where that person is in possession of a written exemption from a healthcare provider.

(2) In order to minimize the shortage of health care supplies and other necessary goods, “retail spaces” shall limit the sale of medications, durable medical equipment, baby formula, diapers, sanitary care products, and hygiene products to three items per individual.

(3) Any “food and drink establishment,” “close-contact business,” “place of lodging,” “retail space,” or other business (including “essential businesses” other than those which meet the definition of a healthcare operation, utility, or indigent care services) in which members of the public regularly visit must immediately close for a period of fourteen (14) days following the occurrence of four (4) or more rapid responses within a fourteen (14) day period. For purposes of this directive, rapid responses will be counted on a rolling basis. Notwithstanding this provision, an “essential business” may be permitted to continue operating if the Department of Health, after consultation with the New Mexico Environment Department, determines that the business is a necessary provider of goods or services within the community in light of geographic considerations. Further, “essential businesses” that test each employee every two weeks and regularly provide contact tracing data to the Environment Department shall not be subject to closure under this provision.

(4) All businesses, houses of worship, and other non-profit entities must adhere to the pertinent CSP’s. In the event the pertinent CSP’s specify a reduced occupancy or capacity limit, the CSP’s limit shall control.

(5) Private educational institutions serving children and young adults from pre-Kindergarten through 12th Grade, including homeschools serving children who are not household members, shall adhere to the face covering and other COVID-Safe Practices requirements for in-person instruction described in the document “Reentry Guidance” published by New Mexico’s Public Education Department on June 20, 2020 and as updated from time to time thereafter, and shall operate with a maximum occupancy of 50% of any individual enclosed indoor space, such as

any classroom, as determined by the relevant fire marshal or fire department, with the occupancy restriction herein to govern in the event of any discrepancy with the “Reentry Guidance.” Private schools shall report to the New Mexico Public Education Department all cases of COVID-19-positive students, staff, contractors and volunteers associated with the school within four hours of the school being notified of the positive case, pursuant to the procedures in the current COVID-19 Response Toolkit for New Mexico’s Public Elementary Schools. Private schools must immediately close for a period of fourteen (14) days following the last occurrence of four (4) or more rapid responses within a fourteen (14) day period. Private schools also are subject to inclusion on the New Mexico Environment Department’s watchlist and closure list.

(6) State parks shall be open to camping with reservations and day-use only. Event facilities at state parks shall remained closed. The State Parks Division is directed to extend the use of annual camping passes that were purchased after March 2019 for a period determined by the State Parks Division related to the original expiration date due to the closure of state parks to camping.

(7) State museums may operate subject to the occupancy level and restrictions applicable to comparable private museums located in their respective counties.

I FURTHER DIRECT as follows:

(1) This Order shall be broadly disseminated in English, Spanish and other appropriate languages to the citizens of the State of New Mexico.
