## SOLID WASTE RESIDENTIAL SERVICE

### AVAILABILITY

Available in the Las Cruces Utilities (LCU) solid waste service area for the exclusive use of individual customer domestic use only. Solid waste service under this schedule is provided and continuously billed in conjunction with any active city gas, water, or wastewater service except as provided in LCU Billing and Service Regulations Sheet RUS-1. Service to a residence which is used in part for commercial purposes shall be served under this rate schedule only if the predominant use is for residential purposes. Service under this rate schedule shall be provided by one (1) or more standard 96 gallon poly container(s) or, upon request, only one (1) 64 gallon poly container for Compact Saver trash disposal service. Customers receiving standard (96 gallon poly container) service may request one, two, three, or four additional 96 gallon containers for the additional monthly charge set forth below; customers who choose Compact Saver (64 gallon poly container) service may not obtain additional containers of either size. On the designated pick up day, poly containers must be placed on curb by 6:00 AM to be serviced and removed from the curb by 7:00 PM. The container shall not be over serviced (lid unable to close and/or trash not in container).

Residential containers will be serviced once per week and supplemented by grappler service once per month. Grappler Service is not to exceed two (2) level ½ ton pickup truck loads of a total of approximately 5 cubic yards. Larger loads set out for grappler pick-up must use the Extra Service fee schedule (SW-2014-12). Excess loads above the grappler capacity that are left on the curb must be cleared by the customer or will be cited by codes enforcement.

### RATE

Monthly Residential container billing shall be the sum of:

<b>Standard Service-one 96 gallon container</b> .....	<b>\$13.25</b>
<b>Additional 96 gallon container (Per additional container)</b> .....	<b>\$9.00</b>
or	
<b>Compact Saver Service-one 64 gallon container</b> .....	<b>\$11.25</b>

Available only upon customer request. In the event the Compact Saver container is over serviced (lid unable to close or trash not in container) for two service pickups during any period of twelve consecutive months, the container will be automatically replaced with a Standard Service container and billed accordingly, and the customer may not request reinstatement of Compact Saver service for a period of at least twelve billing months after the container has been replaced. In the event a customer who has requested Compact Saver service submits a request to voluntarily deactivate utility service, LCU will reset and replace the solid waste service to Standard Service configuration and billing.

plus

### Tax & Fee

Applicable Taxes & Franchise Fee assessed by a Governmental Authority and not included in Cost of Service Rates.

*Recycling Fee*

<b>SOLID WASTE</b>
<b>COMMERCIAL POLY CONTAINER SERVICE</b>

**AVAILABILITY**

Available in the Las Cruces Utilities (LCU) solid waste service area for any establishment engaged in the operation of a business or institution, whether or not for profit or government entities. Solid waste service under this schedule is provided and continuously billed in conjunction with any active city gas, water or wastewater service.

This solid waste service is only available if LCU Solid Waste section determines there is no location on the property for the safe pickup and servicing of a standard dumpster container, or if the commercial customer disposes trash at a sufficiently low volume to be accommodated by a 96 gallon poly container and is in proximity to a route that services poly containers. The container shall not be over serviced (lid unable to close and/or trash not in container). In the event the container is over serviced for two service pickups during any period of twelve consecutive months, the customer may be automatically transferred to a higher level of Commercial Poly Container Service (i.e., two 96 gallon containers instead of one) or Commercial Dumpster Service (i.e., Low Volume Disposal Plan) and billed accordingly, and the customer may not request reinstatement of the prior level of service for a period of at least twelve billing months.

On the designated pick up day, poly containers must be placed on curb by 6:00 AM to be serviced and removed from the curb by 7:00 PM.

Upon approval by LCU Solid Waste section, a commercial customer may be supplied with a maximum of two (2) 96 gallon poly containers for trash service.

Commercial customers must be billed to a commercial account and not a residential account.

**RATE**

**Monthly Commercial 96 gallon ply container billing shall be the sum of:**

One (1) 96 gallon Poly Container serviced once a week..... **\$27.80**

or

Two (2) 96 gallon Poly Containers serviced once a week..... **\$55.60**

plus

**Tax & Fee**

Applicable Taxes & Franchise Fee assessed by a Governmental Authority and not included in Cost of Service Rates.

**Case No.: 2013-004 (SW)**

**SOLID WASTE**  
**COMMERCIAL DUMPSTER SERVICE**

**AVAILABILITY**

Available in the Las Cruces Utilities (LCU) solid waste service area for any establishment engaged in the operation of a business or institution, whether or not for profit or government entities. Solid waste service under this schedule is provided and billed uninterrupted in conjunction with active city gas, water, or wastewater service.

Such enterprises will include, but not be limited to, clubs, hotels, motels, schools, hospitals, churches, and municipal, county, state and federal buildings.

Standard commercial service is provided by dumpster containers and serviced under one of the disposal service plans listed below.

Customer will remain under the selected disposal plan for minimum of twelve (12) consecutive months. Requests for change in Disposal Plans must be reviewed and approved by Solid Waste Operations. In the event the dumpster container is over serviced (lid unable to close or trash not in container) for two service pickups during any period of twelve consecutive months, however, the customer will be placed on the next higher disposal plan and billed accordingly, and the customer may not request reinstatement of the lower disposal plan service for a period of at least twelve billing months after the container has been replaced.

**RATE**

**Monthly Commercial Dumpster billing shall be the sum o f:**

	<b><u>Unit Rate Per Pickup</u></b>
<b><u>Low Volume Disposal Plan</u></b>	
1.5 cubic yard container pickup service once per week.....	\$64.00
2.0 cubic yard container pickup service once per week.....	\$75.00
<b>or</b>	
<b><u>Intermediate Volume Disposal Plan</u></b>	
3.0 cubic yard container pickup service up to three (3) times per week.....	\$85.00
4.0 cubic yard container pickup service up to three (3) times per week.....	\$95.00
This amount will be multiplied by the number of services per week requested by the customer.	
<b>or</b>	
<b><u>High Volume Disposal Plan</u></b>	
6.0 cubic yard container pickup service up to six (6) times per week.....	\$113.00
8.0 cubic yard container pickup service up to six (6) times per week.....	\$126.00
This amount will be multiplied by the number of services per week requested by the customer.	
<b>or</b>	
<b><u>Compactor Service</u></b>	
2.0 cubic yard compactor service.....	\$75.00
4.0 cubic yard compactor service.....	\$116.00
This amount will be multiplied by the number of services per week requested by the customer.

<b>SOLID WASTE</b>
<b>COMMERCIAL ROLL-OFF CONTAINER CLEAN FILL SERVICE</b>

**AVAILABILITY**

Available in the Las Cruces Utilities solid waste service area for any establishment engaged in the operation of a business or an institution, whether or not for profit. Such enterprises will include, but not be limited to, clubs, hotels, motels, schools, hospitals, churches, municipal, county, state and federal buildings, and construction sites.

For disposal of clean fill materials at the Las Cruces Utilities Foothills Landfill, which consist of materials such as concrete, asphalt, rock, bricks, or dirt. If concrete has rebar, the rebar must be cut to extend no farther than two (2) inches beyond the face of the concrete. Trash, tree branches, or any kind of green waste or wood is not to be placed in clean fill containers. Landfill attendant will refuse disposal of any truckload containing unauthorized and non-clean fill debris and will route truck to South Central Solid Waste Authority Transfer Station for disposal of contents and charged SCSWA's disposal fees. The maximum container size will be 15 cubic yards.

**RATE**

**The billing is the sum of:**

**Pull Fee**

Per Service pull per container..... **\$162.80**

A minimum of one (1) pull will be charged per month to the customer account.

**plus**

**Tax & Fee**

Applicable Taxes & Franchise Fee assessed by a Governmental Authority and not included in Cost of Service Rates.
